* This cumulative index lists authors from *Computers & Standards* (Volumes 1 – 4), *Interfaces in Computing* (Volumes 1 – 3), and *Computer Standards & Interfaces* (Volumes 5 – 10). The latter journal was the result of the merger of *Computers & Standards* and *Interfaces in Computing*, and started its life with Volume 5.
CS = Computers & Standards
IC = Interfaces in Computing
CSI = Computer Standards & Interfaces
The second column gives the volume number.

* This cumulative index lists keywords from *Computers & Standards* (Volumes 1–4), *Interfaces in Computing* (Volumes 1–3), and *Computer Standards & Interfaces* (Volumes 5–10). The latter journal was the result of the merger of *Computers & Standards* and *Interfaces in Computing*, and started its life with Volume 5.
CS = Computers & Standards
IC = Interfaces in Computing
CSI = Computer Standards & Interfaces
The second column gives the volume number.
